Panel discussion

3

Next steps

Vision

A world where less resources are spent moving data and more time spent leveraging data to achieve the Sustainable Development Goals.

Mission

To nurture the growth of a vibrant nonprofit data model ecosystem and to more effectively achieve the SDGs through business, nonprofit, and individual collaboration.

A community for partners, by partners

A screenshot of the Nonprofit CDM website homepage. The page has a white background with an orange gradient on the right side. At the top left is the logo "Nonprofit CDM". To the right is a navigation menu with links: "Home", "About", "Events", "Community", "Contact", and "Join". The main heading is "Data Model for the Modern Nonprofit". Below it is a paragraph: "The Nonprofit CDM is an open source data model for structuring data in a common way across applications and organizations." At the bottom are two green buttons: "JOIN THE COMMUNITY" and "LEARN MORE".
